Normal box with heading

We can also choose to not have a heading for our boxes.

Code used to modify title and heading separately

```
#let title_box_func(body, ..args) = {
  rect(fill: black, inset: 1em)[
    #rect(body, ..args)
  ]
}
#update-theme(
  title-box-args: (
    fill: rgb(150, 0, 150),
    inset: 1.2em
  ),
  title-box-function: title_box_func,
  heading-box-args: (
    fill: rgb(120, 0, 200),
    inset: 0.6em, width: 100%
  )
)
```
